ABOUT THE COPPER

The inviting Copper plan is highlighted by an open layout offering an expansive great room, a spacious dining area and an impressive kitchen with a roomy pantry and a center island. Three bedrooms are featured, including a lavish primary suite with a generous walk-in closet and a private bathroom. A central laundry, a serene covered patio, a 2-car tandem garage and an attached RV garage further add to the plan's appeal. This home will be built with either a flex room or a fourth bedroom.
